'FILM 71'—

The International Film Technology Conference and Exhibition—organised by the British Kinematograph, Sound and Television Society.
THE ROYAL LANCASTER HOTEL, LONDON. JUNE 21—25, 1971.

Film '71 will, without doubt, benefit from the great success of last year's conference. In building upon that success however, innovation will be the keynote — the best of Film '69 will be taken and improved upon — but it won't end there.

Much thought has been given to ways of making Film '71 an even more memorable event and no effort will be spared by the Society, its Members, Patrons and associated industries in making the stay of every delegate well worth while.

One of the outstanding features of Film '69 was the outside visits programme. Next year, added to the many visits of general interest, there will be an extra number arranged which will amount to technical papers in themselves. There will be a full social programme and a superb week for the ladies.

The theme of the conference will be 'The Commercial Application of Technology'. This will be dealt with in the following manner.

Day 1
Cost and Quality Control
a) specification of system requirements
b) economics and quality
c) quality control

Day 2
Picture Recording, Packaging and Display
a) new recording techniques
b) cassettes tapes and discs
c) automatic and airborne projection
d) exhibition and display projection
e) film and television in training simulators

Day 3
Camera Design
a) philosophy of film camera design — a forum of designers
b) synchronising sound and picture

Day 4
Colour Film
a) a layman's guide to processing and developments in allied techniques
b) new film stocks and base materials
c) BKSTS standard 'printalight scales'
d) updating 'colour film for television'

Day 5 Marketing — Technical Relationship?

The Society will of course reserve the right to amend the programme in order to ensure that matters of special topical interest be included.

Delegate rates are as follows :

Full week —	Member	£8	One day — non Member —	£4
Full week —	non Member	£11	Ladies programme	£2
One day —	Member	£4	Banquet	£6 10 0

Entrance to the Equipment Exhibition will be free to BKSTS members holding a valid membership card on the Thursday and Friday of Film '71 week.

All hotel accommodation has been block booked by the BKSTS and will be available at net convention rates, whether booked through accredited agents or the Society direct.
BOAC/BEA have been appointed the official airlines for the conference.

Registration Forms will be sent to all BKSTS members early in 1971 but if extra application forms are required for distribution within companies/organisations, please apply to The Secretary, British Kinematograph Sound and Television Society, 110-112 Victoria House, Vernon Place, London, WC1B 4DJ.
